SELAM
Children's Village

About Us

Selam Children's Village (SCV) is a non-governmental humanitarian organization that has re-registered in accordance with the new Civil Society Organizations Proclamation No. 1113/2019, under the registration number 1043.

SCV was founded in 1986 by Mrs. Tsehay Rosechli, with the assistance of her Swiss adoptive parents, Mr. David Roeschli and Mrs. Marie-Luis Roeschli with the aim of tackling the difficulties encountered by vulnerable children and young people, while simultaneously offering them a safe and nurturing environment in which they can flourish, thrive, and realize their full potential.

Our Vision

To see the most vulnerable children and youth of Ethiopia received care and education to realize their full potential.

Our Mission

SCV is committed to promote child care and positive youth development through provision of holistic services, and enabling community to care for the most vulnerable children and youth of Ethiopia.

Our Programs

- *Family Model Village Child Care and youth support*
- *Community Support*
- *Clinic Service*
- *Technical and Vocational College*
- *Income Generating Activities*

General Assembly Meeting

Selam Children's Village (SCV) successfully hosted its 15th regular SCV General Assembly meeting. During this meeting, the General Assembly members reviewed, discussed, and ultimately approved the 2022 annual report, 2023 annual plan, and audit reports of both SCV and TRIAE. Mr. Christoph Zinsstag, the former Program Director from Selam Charity Switzerland, seized the opportunity to express his sincere gratitude and appreciation to all General Assembly members for their unwavering support and invaluable contributions to the ongoing success of SCV.

The audit report, which received approval from the Accounting and Audit Board of Ethiopia (AABE), was duly submitted to the Authority for Civil Society Organizations (ACSO), along with the physical report.

Executive Board Meeting

The Executive Board of Selam Children's Village held a meeting to review key strategic documents of the organization. The board members had the opportunity to analyze and provide feedback on the five-year SCV Resource Mobilization Strategy, and the experience sharing visit report regarding Alternative Child & Youth Care Living Arrangements.

Furthermore, a consultant presented the draft of the five-year SCV Strategic Plan. The board thoroughly reviewed this comprehensive plan and provided valuable feedback for consideration during the finalization of the strategic plan document.

During this meeting, we were delighted to welcome Mr. Amanuel Grunder, the newly appointed Program Director for Selam Charity Ethiopia/Switzerland. This gathering provided Mr. Grunder with a valuable opportunity to gain insights, familiarize himself with the board members, and contribute to the discussions.

Annual Review Meeting

Selam Children's Village (SCV) successfully held its annual review meeting which took place in Adama from January 13-14, 2023. During the meeting, the 2022 annual report, as well as the 2023 annual plan and budget was presented and thoroughly reviewed. Ato Solomon Chali, the Executive Director of SCV, highlighted key focus areas for the organization in the year ahead and urging the management members to actively pursue the identified objectives and work collaboratively to achieve the desired outcomes.

During the meeting, Ato Solomon Chali took a moment to express his heartfelt gratitude to the SCV Labor Union delegates for their indispensable presence and invaluable contributions. Recognizing their significant role in the ongoing success of SCV, he acknowledged them as vital components of the organization's achievements.

New Children Admission

Selam Children's Village (SCV) is delighted to announce the welcoming of 37 additional children into our Family Model Village Child Care system. These children have been admitted from Kibebe Tsehay, a government-owned orphanage, and the Addis Ababa City Administration Bureau of Women, Children, and Social Affairs. Among the new admissions, 12 are male and 25 are female.

During the admission process, seven children (two males and five females) were placed in Village I, while the remaining nine children (five male and four female) were assigned to Village 2. Prior to their admission, all the newly arrived children underwent a comprehensive medical check-up at Selam Clinic. It was determined that four of them required specialized medical treatment, which was promptly provided to ensure their well-being.

Despite the significant change in their living arrangements, the children displayed happiness and excitement. They have adapted well to their new environment, and there have been no signs of discomfort among them. Our dedicated team at SCV has worked tirelessly to create a nurturing and supportive atmosphere, ensuring that the children feel safe, loved, and valued.

SCV Dental Clinic Inauguration

Selam Dental Clinic was inaugurated in a ceremony attended by Dr. Petros Olango, Deputy Chairman of SCV Executive Board, Mr. Solomon Chali, Executive Director of SCV, Dr. Alina Ludwig, Chairperson for Ethiopian Children's Aid Selam Organization in Germany, representatives from the health bureau, and invited guests.

Acquiring the license for the dental clinic took a considerable amount of time. However, through diligent follow-up and meeting all the necessary requirements, the clinic ultimately obtained its license from the regulatory bodies. During the inauguration ceremony, SCV extended its gratitude to Dr. Alina and other professionals for their substantial contributions and invaluable support in the establishment of the dental clinic.

The opening of Selam Dental Clinic marks a significant milestone in our commitment to providing comprehensive care to the children under our care, as well as the wider community. We recognize the importance of oral health and its impact on overall well-being. With the establishment of this clinic, we are now equipped to offer high-quality dental services to those in need, ensuring that they receive the necessary care and treatment.

Partnership with MIRMAR International Foundation (MIF)

Selam Children's Village and MIRMAR International Foundation (MIF) have signed a Memorandum of Understanding (MoU) to collaborate on the implementation of hydroponics farming. MIF is an International Not-For-Profit Organization registered in Kenya and operates in the Eastern Africa Region. The primary objective of this partnership is to empower youth and women by providing them with economic skills through hydroponics farming training.

Hydroponics farming is a cultivation method that does not rely on traditional soil-based farming. It is particularly suitable for regions facing water scarcity and unpredictable weather patterns, making it an ideal solution for arid areas. By promoting hydroponics farming, the partnership aims to address these challenges and offer sustainable farming opportunities.

In the first phase of the project, a total of 300 trainees, including 133 males and 167 females, have successfully completed the hydroponics farming training. This training equips them with the necessary knowledge and skills to engage in soilless cultivation and pursue economic opportunities in the agricultural sector.

UN Officials visited SCV-Misale Academy

Selam Children's Village is honored to have welcomed Mr. Jean Todt, the esteemed Special Envoy for Road Safety appointed by the United Nations Secretary-General, during his visit to the Misale Driver Training Academy. Accompanying him were representatives from the UN Economic Commission for Africa (UNECA) and the World Health Organization (WHO). This visit held great significance as it aimed to emphasize the importance of road safety in the region and foster collaborations to address this critical issue effectively.

Mr. Jean Todt brings a wealth of experience to his role, having previously served as the Director of Ferrari's Racing Division at Ferrari S.P.A. He has also played a pivotal role in establishing Peugeot Talbot Sports and served as Peugeot's Director of Racing. His extensive background in the automotive industry and passion for road safety make him a highly respected and influential figure in the field.

The visit to the Misale Driver Training Academy provided an opportunity for Mr. Jean Todt and the delegation to witness firsthand the efforts being made to enhance road safety through comprehensive driver training programs. By experiencing the training facilities and observing the dedication of the instructors and trainees, they were able to gain valuable insights into the practical aspects of promoting safer driving practices.

Annual Staff Meeting

Selam Children's Village hald its annual staff meeting. The highly anticipated gathering aimed to provide a platform for all staff members to come together, reflect on the remarkable achievements of the previous year, and align their focus towards the key priorities for the forthcoming year, 2023.

The meeting brought together senior management members, employees from both SCV compounds, and representatives from the SCV Labor Union, ensuring the participation and input of all stakeholders.

To accommodate the attendance of all staff members, the meeting was divided into two sessions. The morning session took place at SCV #2, while the afternoon session was held at SCV #1, allowing for maximum engagement and involvement.

During the meeting, the Planning, Monitoring, Evaluation, and Communication department delivered a concise and informative report summarizing the major accomplishments and challenges encountered in 2022. This report also highlighted the key focus areas and priorities for the year ahead, 2023. The presentation served as a valuable overview, ensuring that all staff members were well-informed about the progress made and the direction the organization is heading.

Following the report, a productive discussion session took place, providing staff members with an opportunity to actively participate and contribute their insights, suggestions, and concerns.

International Women's Day Celebration (March 8)

Selam Children's Village in collaboration with Yeka Sub - city's Woreda - 09 commemorates the International Women's Day on March 8, 2023. Together, we organized a campaign with a specific focus on raising awareness about cervical cancer. The aim was to educate and inform the community about the risks, causes, and social aspects associated with this disease, while emphasizing the importance of pre-cervical cancer screening.

The campaign was carried out by a dedicated team consisting of four trained health workers and one nurse counselor. They conducted informative sessions, reaching a total of 269 women from the community.

These sessions proved to be invaluable in providing women with essential knowledge about cervical cancer and highlighting the benefits of pre-cervical cancer screening.

As part of the campaign, 59 women were given the opportunity to undergo Pre-Cervical Cancer tests. Regrettably, three women tested positive for cervical cancer. However, the prompt response of our skilled health professionals ensured that two of these women received immediate treatment, offering them the best chance of recovery. The third woman was referred to the renowned Black Lion Hospital, where she will receive further specialized care.

Yeka Sub City Administration Visit

A delegation consisting of officials from different sectors of Yeka Sub City conducted a monitoring and supportive supervision visit to Selam Children's Village (SCV). The team had the opportunity to visit various program interventions implemented by SCV, including the recently established Income generating wing, ROFAM Manufacturing & Service Plc.

During the visit, the delegation offered valuable on-site feedback, acknowledging the positive impact of SCV's development interventions. They expressed their commitment to collaborate and offer continuous support to SCV in all aspects. This collaborative approach between Yeka Sub City and SCV ensures sustained cooperation and assistance, ultimately benefiting the children and the community as a whole.

SCV's participation in the 3rd CSO's Week

Selam Children's Village (SCV) participated in the 3rd Civil Society Organizations (CSOs) Week, a significant event organized by the Ethiopian Civil Society Organizations Council (ECSOC) and the Authority of Civil Societies Organizations (ACSO). The event, held at Ghion Hotel from June 07-09, 2023, brought together various stakeholders to discuss and promote the proactive participation of CSOs for lasting peace, the protection of human rights, and the building of good governance.

The primary aim of the event was to provide a platform for CSOs to exchange experiences, strengthen partnerships, foster networking opportunities, and collaborate with development partners. SCV took full advantage of this platform to showcase its rich history and comprehensive activities, including the RoFam and Tsehay Roeschli Industrial and Agricultural Engineering (TRIAE) our income-generating entities established to support SCV.

The displays and presentations by SCV garnered significant attention from esteemed guests, including Prof. Berhanu Nega, Minister of the Ministry of Education, and W/ro Alemitu Umut, State Minister of the Ministry of Women and Children Affairs, as well as other high-ranking government officials and participants at the event. This was an invaluable opportunity for SCV to forge connections and establish networks with esteemed organizations such as Melu'e Foundation, Inspired Youth Association, Hope Ethiopia, and the Young Ethiopian Leadership Initiative.

Training on Emotional Intelligence

Alta Research and Counseling delivered a comprehensive two-day Training of Trainers (TOT) session on Emotional Intelligence for 28 trainers and department heads at Selam Technical and Vocational College (STVC). The purpose of this training was to empower participants with enhanced skills in self-awareness, social awareness, self-management, and relationship management, which is crucial for effective communication, teamwork, and leadership in the educational setting.

The trainers and department heads at STVC greatly benefited from this valuable training opportunity. By equipping them with a deeper understanding of their emotions and the ability to navigate social interactions, the training has undoubtedly enhanced their professional capabilities and contributed to a positive and harmonious learning environment at STVC.

From Loss to Triumph: Magdalawit's Journey of Resilience and Acaademic Success

Magdelawit Mehret was born in 1993 EC and joined Selam Children's Village (SCV) at the age of three. Unfortunately, her mother passed away, leaving her without any close relatives to care for her. She received temporary care from kind neighbors for a year. However, due to financial constraints, they couldn't continue supporting her.

With the help of SCV coupled with the blessings of Almighty God, Magdelawit thrived and excelled academically, becoming one of the top students in high school and secured admission to Mekele University.

While attending university, Magdelawit found herself amidst the devastating war that broke out in the northern region of the country. She displayed immense resilience in the face of challenges and eventually relocated to Addis. Reflecting on the situation, she remarked, "War is a truly terrible thing". She eventually continued her studies at Bahir Dar University, where she overcame initial difficulties and achieved academic success, graduating with distinction in 2022.

Megedalawit expresses deep gratitude for her childhood in SCV, viewing it as a blessing. She describes Selam as a family, emphasizing that without it; her journey to personal fulfillment would have been difficult. Coping with the loss of a parent is an immense challenge, but she attributes her escape and subsequent success to God's providence through SCV. Consequently, she assumes the responsibility of assisting others in maximizing the opportunities available, particularly her sisters. She extends her heartfelt appreciation to God for granting her this opportunity and expresses gratitude to all those who have contributed to her life in various ways.

Training on Resource Mobilization

The Capacity Building, Resource Mobilization, and Partnership (CRP) department recently organized a highly beneficial capacity building training on resource mobilization. The training took place from May 12-14, 2023, and was attended by 20 management members from Selam Children's Village (SCV) and RoFam, the IGA wing established to support SCV.

The main objective of the training was to raise awareness among management members about the importance of resource mobilization and provide them with the necessary knowledge and skills to effectively support SCV's resource mobilization efforts. The training proved to be highly effective, as evidenced by the significant improvement observed in the pre- and post-training test results.

Following the training, a resource mobilization team consisting of six members was formed. This team will closely collaborate with the CRP department to implement the strategies and techniques learned during the training.

Furthermore, the resource mobilization team worked collaboratively to develop a comprehensive five-year resource mobilization strategy and action plan. This strategic plan will serve as a roadmap for SCV's future endeavors in mobilizing resources and securing the necessary support to sustain and expand its programs and initiatives.

Terminal evaluation for PASEWAY project

A terminal evaluation was carried out for the Pathway to Sustainable Employment for Women & Youth in Ethiopia (PASEWAY Project), which involved government signatories. The project was implemented with financial support from the German Federal Ministry for Economic Cooperation and Development (BMZ) through Plan International Ethiopia.

Throughout the evaluation process, the team conducted site visits to project beneficiaries who actively engaged in self-employment. The evaluation team expressed their appreciation for the project's effective and efficient implementation, while acknowledging the significant positive impact it had on the beneficiaries.

Subsequent to the terminal evaluation, a closing workshop was conducted to mark the conclusion of the project. The workshop was attended by government project signatories, companies, the project donor, project beneficiaries, and their parents. The workshop's purpose was to showcase the project's performance over the course of three years. Project beneficiaries and their parents shared testimonials, highlighting the substantial benefits they derived from their active participation in the project.

CYC Project Terminal Evaluation

Selam Children's Village (SCV) regularly enters into project agreements with the Bureau of Finance and other relevant government stakeholders, with each agreement lasting for a period of three years. Recently, the implementation period for the Children, Youth, and Community Support (CYC) project came to a close, prompting the preparation and submission of a comprehensive terminal report to the project signatories.

Upon receiving the terminal report, the Bureau of Finance and the Bureau of Women, Children & Social Affairs, in collaboration with sub-city finance offices, conducted a thorough terminal evaluation. The primary objective of this evaluation was to assess the overall outcomes and impact of the project. During the evaluation, project beneficiaries were given the opportunity to provide their testimonies, sharing their experiences and the services they received throughout the project's duration.

One group of beneficiaries who expressed utmost satisfaction were the mothers who accessed the day care service. They spoke highly of the comprehensive support they received from the center, which enabled them to engage in various income-generating activities and daily labor without the worry of childcare. The provision of a safe and comfortable day-care center at no cost allowed these mothers to pursue their economic opportunities with peace of mind.

Similarly, beneficiaries of the Women Economic Empowerment program also conveyed their great satisfaction with the wide range of services provided. The program's holistic approach and support systems have significantly contributed to their empowerment, enhancing their economic prospects and overall well-being. The feedback and testimonials from project beneficiaries serve as a testament to the impactful and successful implementation of the project. The comprehensive services and support offered have made a tangible difference in the lives of individuals and communities, aligning perfectly with Selam Children's Village's commitment to fostering positive change and sustainable development.

Partnering for Impact

UNIDO, SIDA, Volvo Group, and Selam Children's Village have established a successful Public Private Development Partnership (PPDP) to implement the Training Institute for Commercial Vehicle Drivers. This groundbreaking partnership aims to implement the Training Institute for Commercial Vehicle Drivers, an initiative designed to create sustainable employment opportunities for young men and women in Ethiopia. The invaluable support and contribution of Volvo Group in this partnership cannot be overstated. They have generously provided essential equipment, including trucks, buses, and simulators, which will be instrumental in the training and development of skilled commercial vehicle drivers.

To commemorate this exceptional collaboration and celebrate its impact, a half-day workshop was organized at Selam Children's Village under the theme of "Partnering for Impact." The event was graced by the esteemed presence of His Excellency Ambassador Hans Henric Lundquist, the Ambassador of Sweden to Ethiopia and Djibouti, and the Permanent

Representative to AU, IGAD, and UNECA. Additionally, Mr. Solomon Chali, the dedicated Executive Director of Selam Children's Village, distinguished officials from UNIDO and Volvo Group, and other invited guests attended the event.

During this momentous gathering, Volvo Group unveiled a state-of-the-art Volvo FH Truck, representing a technological marvel that will play a pivotal role in driver training activities. This cutting-edge vehicle serves as a tangible symbol of the unwavering commitment of all partners involved to enhance the skills and employability of Ethiopia's young individuals.

Partnership with CAPE

Selam Technical and Vocational College (STVC) recently established a significant partnership through the signing of a Memorandum of Agreement (MoA) with the "Center for Professional Empowerment" (CAPE). The primary objective of this collaboration is to combine our efforts in developing and delivering short-term training programs as well as long-term, intensive skill-centered technical and vocational training.

Through this partnership, our goal is to enhance the capacity of STVC by facilitating the transfer of state-of-the-art technological equipment, educational materials, and technical accreditation for Training of Trainers (TOT). These valuable resources will contribute to the growth of the college and enable us to pursue recognition as a distinguished Center of Excellence in our field.

The Memorandum of Agreement (MoA) was formally signed by Mr. Solomon Chali, the Executive Director of Selam Children's Village, and Professor Menegesha Admassu, the former president of Gondar University. This partnership serves as evidence of our commitment to fostering professional empowerment and skill development, ultimately benefiting both our students and the broader community.

13th TVET Week

Selam Technical and Vocational College (STVC) participated in the 13th TVET Week organized by Addis Ababa TVET Bureau, a significant event that brought together public and private TVET colleges. This week-long event served as an exceptional platform for STVC to showcase its state-of-the-art Virtual Welding Simulator to exhibition visitors.

The Virtual Welding Simulator is an innovative technological tool that enables trainees to engage in a realistic and immersive virtual welding experience. This cutting-edge solution allows them to practice and refine their welding skills without the need for expensive electrodes and metals. By utilizing this simulator, STVC demonstrates its commitment to leveraging technology to enhance the learning experience and prepare trainees for practical welding work in a cost-effective and efficient manner.

The exhibition provided an excellent opportunity to showcase the Virtual Welding Simulator and highlight its benefits to potential trainees. By offering a realistic and engaging virtual training experience, STVC was able to attract more individuals to the welding field. This not only helps meet the demand for skilled welders but also promotes the growth and development of the industry.

Regional-level Youth Employment Platform

As part of the Employable Youth in Ethiopia (EYE) 2.0 project, Selam Technical and Vocational College (STVC) successfully organized a significant youth employment platform at the regional level. This platform served as a crucial meeting point for leaders from various regional government offices, including the Addis Ababa TVET Bureaus, Labor, Industry and Enterprise Development Bureau, Addis Ababa Training Quality Assurance and Certification Bureau, as well as industry association leaders and Polytechnic College deans.

During the productive platform meeting, the participants engaged in fruitful discussions and deliberations regarding youth employment and related initiatives. Recognizing the importance of collaboration and synergy, the leaders present at the meeting reached a unanimous agreement to sign a Memorandum of Understanding (MoU). This collective decision reflects their shared commitment to advancing the objectives of the EYE 2.0 project and driving positive change in the realm of youth employment.

The youth employment platform organized by STVC exemplifies the college's dedication to fostering meaningful partnerships and driving positive change in the education and employment sectors. By bringing together key stakeholders and facilitating productive discussions, STVC plays a pivotal role in promoting youth employment and creating opportunities for the young workforce in Ethiopia. This platform serves as a testament to the college's proactive and forward-thinking approach in addressing the challenges of youth unemployment and promoting sustainable economic growth.

Youths participated in tree planting

The Addis Ababa Women and Social Affairs Bureau, in collaboration with the Ministry of Women and Social Affairs, organized a tree planting event at Entoto Park to commemorate the 33rd African Child Day. It was a momentous occasion, and thirty youths from Selam Children's Village had the privilege of participating in this significant event.

The event was honoured by the presence of esteemed individuals, including Dr. Ergogie Tesfaye, the Minister of the Ministry of Women and Social Affairs, along with other prominent government officials. Their attendance added prestige to the event and highlighted the importance of promoting the well-being and rights of children in Africa.

The tree planting event served as a symbolic gesture, representing our commitment to nurturing and protecting the environment for the benefit of current and future generations. It also provided an opportunity for the youths from Selam Children's Village to actively engage in an activity that promotes ecological consciousness and instills a sense of responsibility towards nature.

Fully integrated youths farewell program

The main objective of Selam Children's village is creating a self-reliant citizen. In this regard, fourteen youths, consisting of seven male and seven female, have successfully integrated into the community and began running their own independent life, a farewell program was organized in the presence of Mrs. Tsehay, the founder of SCV, and Mr. Solomon Chali, SCV Executive Director. During the program, both Mrs. Tsehay Roeschli and Mr. Solomon Chali provided uplifting words of encouragement, assuring the youths that the family relationship with Selam Children's Village would continue.

The youths took the opportunity to express their deep gratitude for their time at Selam. They shared their heartfelt appreciation for the support and guidance they received, acknowledging that despite completing their stay in the program, Selam will always be their family. They attributed their progress and success to the nurturing environment provided by Selam Children's Village, emphasizing that it played an integral role in helping them reach this point in their lives.

The bond formed with Selam will remain a cherished part of their journey as they venture into independent life, and they expressed their unwavering commitment to maintaining a strong connection with the organization. The farewell program served as a poignant reminder of the transformative impact that Selam Children's Village had on their lives and the lasting relationships they formed within its supportive community.

Collaboration with Ministry of Labor & Skills

Selam Children's Village and the Ministry of Labor and Skills have recently signed a Memorandum of Understanding (MoU) to collaborate and facilitate capacity-building training. As part of this collaboration, volunteers from Switzerland have joined SCV to contribute their expertise. In line with these efforts, Selam TVET College organized a comprehensive 5-day training program on Python with Machine Learning and Arduino Programming. The training took place at the compound of the Federal TVET Institutes.

The participants consisted of two representatives from each of the six polytechnic colleges in Addis Ababa, as well as a participant from the Productivity Improvement Center. The training was led by Mr. David Jan Lukas, an electro-mechanical engineer from Switzerland, who shared his knowledge and supported various initiatives of STVC.

To assess the impact of the training, a pre and post-test was administered to measure the participants' knowledge in Arduino and Python Introduction, as well as Machine Learning. The results of the post-test demonstrated a significant increase in the participants' knowledge and skills after completing the training.

Upon successful completion of the program, the participants were presented with certificates by the Executive Director of SCV and a distinguished guest from the Ministry of Labor and Skills.

Selam Technical and Vocational College

Selam Technical and Vocational College is an extension of Selam Children's Village that provides Technical and Vocational Training to children who grow up in the organization, and applicants from the communities at subsidized cost-sharing and scholarship schemes.

Selam Technical and Vocational College offers a range of programs in various fields through regular and extension programs. Our workshops are well-equipped, and our trainers are highly qualified to ensure a quality education. Below is a list of our departments and the programs we offer.

Training Areas

Manufacturing Technology Department
- Mechanics (Level 1-4)
- Machining (Level 1-4)

Heavy Duty Equipment and Commercial Vehicle Academy
- Heavy duty vehicles and Earth Moving Machineries Maintenance (Level 1-4)

Construction Technology Department
- Building Electrical Installation (Level 1-4)

Electrical Electronics Technology department
- Industrial Electrical Electronics Control Technology (Level 2-4)

Information Technology Department
- Hardware and Network Servicing (Level 1-4)

Hotel & Hospitality Department
- Culinary Art/ Hotel Kitchen Operation (Level 1-4)
- Food and Beverage Service (Level 1-4)

Textile and Garment Technology Department
- Garment Production (Level 1-4)

Woodwork Technology Department
- Woodwork Technology (Level 1-4)

Business and Finance Department
- Secretarial and Office Administration (Level 2-4)

Misale Drivers Training Academy
- ToT on Driving

Selam Children's Village Resource Mobilization

Throughout the past 37 years, SCV has heavily relied on foreign donations, primarily from Selam Charity Switzerland, for its funding. While there have been localized attempts to gather resources, these efforts have lacked coordination and a systematic approach. Moreover, the prevailing global socio-economic crisis has resulted in donor fatigue and a shift in support towards other nations. Compounded by the escalating social and economic crisis within Ethiopia, SCV faces the imperative to expand its services, encompassing a wider geographical reach and a broader range of offerings.

Selam Children's Village intends to diversify its resource mobilization efforts by engaging external donors, private and public sectors, bilateral and multilateral partners, individuals, pledges, cash and legacy donors, philanthropists, and businesses operating within Ethiopia. In pursuit of this objective, the organization has formulated a five-year resource mobilization strategy spanning from 2024 to 2028. This strategy serves as a crucial blueprint, outlining the necessary actions to harness resources and fulfill the organization's requirements.

Hence, the Resource Mobilization and Partnership Department of SCV kindly request the participation of all potential donors in the organization's resource mobilization activities. Your support will play a vital role in allowing SCV to cater to a greater number of orphaned and vulnerable individuals within the community, while also facilitating the expansion of services to regional states in the coming years.
