About Us

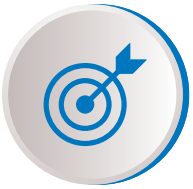

- Selam Children's Village (SCV) is a non-governmental humanitarian organization that has re-registered in accordance with the new Civil Society Organizations Proclamation No. 1113/2019, under the registration number 1043.

- SCV was founded in 1986 by Mrs. Tsehay Roeschli, with the assistance of her Swiss adoptive parents, Mr. David Roeschli and Mrs. Marie-Luis Roeschli with the aim of tackling the difficulties encountered by vulnerable children and young people, while simultaneously offering them a safe and nurturing environment in which they can flourish, thrive, and realize their full potential.

Our Vision

To see the most vulnerable children and youth of Ethiopia received care and education to realize their full potential.

Our Mission

SCV is committed to promote child care and positive youth development through provision of holistic services, and enabling community to care for the most vulnerable children and youth of Ethiopia.

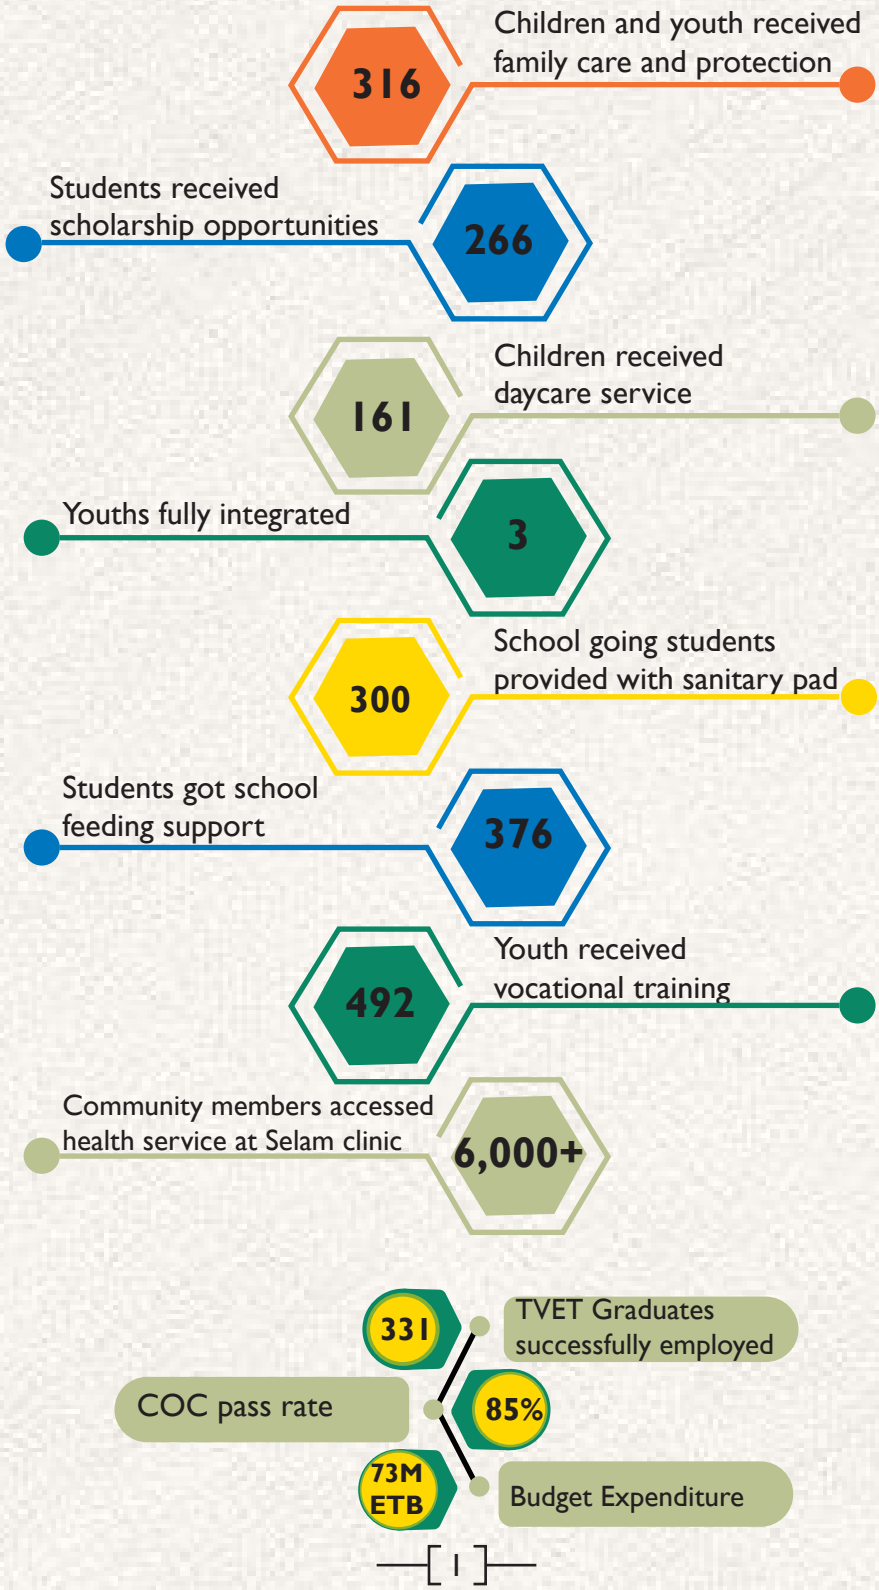

Our Programs

- Family Model Village Child Care
- Youth Support
- Community Support
- Clinic Service
- Technical and Vocational College
- Income Generating Activities

A Better Life for Children!

Annual Executive Board Meeting

The annual review meeting of Selam Children's Village Executive Board took place in Bishoftu from February 17-18, 2024. During the meeting, the board extensively reviewed the annual 2023 report and 2024 plan of both SCV and TRIAE. Furthermore, the CYC Service Quality Assurance and policy document, prepared by the CYC, were presented for discussion and approval. Similarly, SCV five year Strategic Plan (2024-2028) document got an approval from the board. The Executive Board also discussed on various significant organizational issues and provided direction and made decisions accordingly.

Annual General Assembly Meeting

Selam Children's Village (SCV) hosted its 16th regular General Assembly meeting on March 16, 2024. The assembly began by paying tribute to two esteemed members, Dr. Tarekegn Berhanu and Ato Mamauye Desaelgen, who had recently passed away. A minute of silence was done to honor their contributions and remember their invaluable service to SCV.

The General Assembly reviewed crucial documents, including the 2023 annual report, the 2024 annual plan, and audit reports for both SCV and TRIAE. After extensive discussions, the general assembly endorsed these documents. Furthermore, the GA approved a comprehensive five-year strategic plan that will be implemented from 2024 to 2028.

Annual Executive Board Award

The annual Executive Board award ceremony took place at the head office of Selam Children's Village, with the presence of SCV Executive Board members and all SCV staff. The ceremony aimed to acknowledge and celebrate outstanding employees. Those who ranked in the top ten in the 360-degree performance evaluation and four employees who made special contributions in their respective departments were honored with a cup, medal, and certificate of recognition. Ato Wondwossen Teshome, Chairman of the board, and Ato Solomon Chali, Executive Director SCV, delivered a message during the ceremony emphasizing the significance of recognizing employees with exceptional performance as a means to inspire others to perform at their best as well.

Inauguration of Sheno Satellite Center

Selam Children's Village has been operating in Addis Ababa since its establishment in 1986. SCV has embarked on a vision to expand its community services to other regions of the country. One of the chosen areas is the Sheno City Administration in the Oromia Regional State. On March 9, 2024, SCV inaugurated its first-ever satellite center outside of Addis Ababa.

The inauguration ceremony was a vibrant event, attended by Mrs. Genet, the Deputy Mayor of Sheno City, Mrs. Tsehay Roeschli, the founder of SCV, Ato Wondwoseen Teshome, the Chairman of the Executive Board, Ato Solomon Chali, Executive Director of SCV as well as board members and management representatives from Selam Charity Switzerland. Additionally, esteemed elders and religious leaders from Sheno City were in attendance.

In its initial phase, SCV will focus on interventions such as school feeding, women economic empowerment, and College tuning. As part of the inauguration ceremony, a project agreement was signed with relevant officials from the respective sectors. SCV remains committed to expanding its services to other regions of the country and reaching those who have been unreached.

Sheno Satellite Center School Feeding Program

Selam Children's Village has commenced a school feeding support program at the Sheno satellite center, as planned. The selected school for the school feeding program is Jobir Pre-primary School, located in the town of Sheno. This school, constructed by the government, provides education to students from economically disadvantaged families. The school feeding program aims to support 226 students in total.

Prior to launching of the school feeding, a baseline date was collected from relevant stakeholders. According to information gathered from the school principals, the Sheno education office, and some of the parents, many students were previously unable to bring lunch to school due to the economic burdens faced by their families. The introduction of the school feeding support program is expected to alleviate this issue.

The provision of nutritious meals during school hours is believed to have several positive impacts. It can help ensure that children attend school with a stable state of mind, enhance their cognitive and physical development, and ultimately contribute to better learning outcomes.

By implementing the school feeding support program, Selam Children's Village aims to address the immediate nutritional needs of the students, supporting their overall well-being and educational journey.

Collaboration with Federal Police Commission

A delegation led by the Deputy General Commissioner of the Federal Police Commission and President of the Ethiopian Police University, Mesfin Abebe, paid a visit to Selam Children's Village. This half-day visit held great significance as it aimed to establish and explore possibilities for partnership and cooperation between the Ethiopian Federal Police Commission and our organization.

During the visit, the delegation had the opportunity to witness various interventions and programs implemented by SCV. They were highly impressed with what they observed and expressed their keen interest in collaborating with SCV, particularly in signing a Memorandum of Understanding (MoU) focused on providing skill upgrading training for employees of the Federal Police Commission.

Following the visit, Selam Technical and Vocational College, in collaboration with SCV's Capacity Building department, conducted a skill gap assessment at the Federal Police Commission workshops. The identified areas for skill upgrading include woodwork, metalwork, food preparation, driving, and garment making. Additionally, the employees of the Federal Police Commission were given the chance to visit different workshops at STVC. We firmly believe that this collaboration will strengthen our partnership efforts and contribute to the diversification of our income sources and strengthen our partnership efforts.

MoU Signing with Federal Police Commission

Selam Children's Village entered into a memorandum of understanding (MoU) with the Ethiopian Police University and the Ethiopian Federal Police Logistics Department to foster collaboration in technology transfer and research endeavors. The formal signing ceremony for the MoU took place on April 18, 2024, within the premises of the Federal Police Commission compound. The MoU signing ceremony was also attended by Mr. Tibebu, STVC College Dean, and Mrs. Selamawit, CRP Manager. During the ceremony, Mr. Solomon Chali, Executive Director of SCV, expressed the organization's eagerness to cooperate with the Federal Police Commission and expand its expertise in providing capacity-building training and technology transfer.

Following the establishment of the MoU, SCV commenced providing skill upgrading training to employees of the Federal Police Commission. The focus of the training is on hotel kitchen operations and hospitality, with the content tailored to address identified skill gaps among the participants. Provision of training on Metal work, Wood work and Heavy Duty Equipment and Commercial Vehicle Maintenance will follow-up in the coming weeks.

STVC Participated in STRIDE Exhibition

Selam Technical and Vocational College (STVC) participated in the prestigious Science, Technology, Research, Innovation, Digitalization and Entrepreneurship (STRIDE) Exhibition in Ethiopia.

STRIDE Ethiopia is an annual event initiated by the Ministry of Innovation and Technology, aimed at fostering collaboration and innovation in the fields of science, technology, research, digitalization, and entrepreneurship. The expo was organized under the theme *"Science Unlocks, Technology Connects, Innovation Drives."*

During the event, STVC showcased its strengths in technical and vocational training, innovation, and digital transformation through interactive exhibits and demonstrations. The college featured cutting-edge technologies such as a Virtual Welding Simulator and a Driving Simulator, allowing exhibition participants to experience the high-quality training provided at STVC.

The First "HOTATE" Event in Ethiopia

The "HOTATE" event, aimed at introducing new Japanese seafood to the Ethiopian market, was held at Selam Children's Village in the RoFam restaurant. This collaborative event was organized in partnership with Dan Energy, ITOCHU Corporation, and SCV.

RoFam restaurant prepared and served hotate (scallops), where various country ambassadors including Her Excellency Tamara Mona, Ambassador of Switzerland to Ethiopia, delegates from the Embassy of Japan, officials from UN organizations, Executive Board members, and distinguished guests were in attendance. The event spanned two days, from February 24-25, 2024, allowing ample time for attendees to taste and appreciate the exceptional flavors and quality of Hotate Scallops.

This event served as a remarkable opportunity for Selam Children's Village and RoFam to strengthen their partnerships with different collaborators.

Addis Ababa Driver, Vehicle, Permit and Control Authority Visited SCV

The newly appointed General Manager of the Addis Ababa Driver, Vehicle, Permit and Control Authority, Eng. Desalegn Terefe, and the Deputy General Manager, Mrs. Kidist, recently visited Selam Children's Village. During their visit, they specifically visited the Misale Driving Academy, led by Mr. Solomon Chali, Executive Director of SCV.

After observing the program at the academy, Eng. Desalegn Terefe and Mrs. Kidist expressed their appreciation for the academy's efforts in reducing road traffic accidents and creating employment opportunities for youth. They acknowledged that Misale Driving Academy has highly qualified and disciplined instructors, as well as well-equipped training facilities. Their positive feedback highlights the academy's dedication to providing quality driver training and contributing to road safety in Addis Ababa.

The visit program has yielded fruitful results, as we have been granted special permission to provide training in Automobile and Public Transport Driving after a lengthy bureaucratic process.

CYC Monitoring Visit

The Addis Ababa City Bureau of Finance, Women, Children, and Social Affairs Bureau, along with the Yeka Sub City Finance Office, conducted a monitoring visit to assess the Children, Youth, and Community Support program of Selam Children's Village.

A comprehensive monitoring report was presented to the monitoring team. The team visited various elements of the CYC, including day care centers and family houses. Following the visit, the monitoring team provided valuable feedback. They acknowledged that the project implementation status was progressing well and on the right track. Additionally, they expressed their appreciation for the partnership and the smooth relationship that SCV had established with key project stakeholders.

CVDS Terminal Evaluation

One of the projects implemented over the past three years by Selam Children's Village (SCV) was the Commercial Vehicle Driving School (CVDS), which aimed to create employment opportunities for youth through driving training. The project implementation period has come to an end, and a team of experts from the Addis Ababa Bureau of Finance, Sport and Youth Bureau, Bureau of Labor and Skills, and the Driver, Vehicle, Permit, and Control Authority conducted a terminal evaluation.

Key achievements and major challenges encountered during the project implementation were presented. The evaluation team visited the driving academy and reviewed various supporting documents.. Additionally, the team was informed about the future intention of the project, which is to transfer the academy into an Income Generating Activity (IGA) wing.

The evaluation team appreciated the efforts made to implement the project despite the challenges faced. They acknowledged the idea of transferring the project to an IGA, but emphasized the importance of consulting relevant policies and proclamations while transferring the vehicles to the IGA, as the vehicles were granted duty-free privileges.

This evaluation process helps assess the impact of the project and provides valuable feedback for future improvements and decision-making regarding the project's continuation and potential transfer to an IGA.

Your Generosity Makes a Difference!

At Selam Children's Village, we create a safe and nurturing environment where children can thrive through quality education and healthcare. Since 1986, our support has transformed countless lives.

How Your Support Helps

Your contributions ensure that the most vulnerable children obtain an adequate education and healthcare, helping them to become self-sufficient individuals who benefit society. We accept:

- Monetary Donations: Every contribution, big or small, supports our initiatives.
- In-Kind Donations: Goods like educational materials, clothing, and medical supplies are always welcome.
- Volunteer Opportunities: Your time and skills can make a direct difference.
- Corporate Partnerships: Businesses can support us through financial contributions or in kind donations.

"Invest in Children Harvest in a Generation"

SCV, Resource Mobilization Department

TVET Networking Meeting

A two-day meeting was held at Adama with the objective of establishing a Technical and Vocational Education and Training (TVET) network. The meeting commenced with a welcome speech by Ato Solomon, the Executive Director of Selam Children's Village (SCV). The primary aim of the meeting was to create a network that would serve as a central point of contact for issues related to TVET. The establishment of this network aimed to bring about systemic changes in the TVET sector, address skill mismatches, and foster collaboration among TVET institutions.

The network consisted of various members, including six Polytechnic colleges, eight Government TVET Colleges, one Center of Excellence, Selam TVC, Hope Enterprise, Dorcas Aid Ethiopia, LG-KOICA HOPE college, and Donboscow college.

During the meeting, two significant presentations were delivered. The first presentation focused on the organizational framework for establishing the TVET network. The second presentation addressed the bylaws of the network. As part of the meeting, priority areas of engagement were identified to initiate collaborative efforts. These areas would serve as the starting point for the network's activities. The meeting concluded with the signing of the bylaws by the 20 founding members. It was agreed upon to officially register the network and work on developing an annual plan.

Employee Wellness Training

The Capacity Building department organized a training program on Employee Wellness. The training specifically focused on enhancing the well-being of employees. A total of 21 senior and extended management members participated in the training, with 13 male and 7 female participants. The training sessions were conducted by Alta Research and Counseling.

As a result of the training, three Wellness groups were established within the organization. These groups are dedicated to ensuring employee well-being in three key areas:

Financial wellness: Look for opportunities, where the emplyee can be supported in financial matters..

Social wellness: The aim of this group is to foster a positive social environment within the organization. They organize activities and initiatives that promote team-building, work-life balance, and a sense of community among employees.

Career development: This group is committed to supporting employees in their professional growth and development. They provide guidance, mentorship, and opportunities for training and advancement, fostering a culture of continuous learning and career progression.

The establishment of the Wellness groups and the development of the organizational Wellness policy are clear indications of the organization's dedication to creating a healthy and supportive work environment for its employees.

Capacity Building Training for College Management Staff

Selam Technical and Vocational College (STVC) conducted a two-day capacity building and orientation session for the college management and academic commission members.

The first day of the training focused on launching implementation of the college's new Planning Management System (PMS). The PMS will enable the tracking of assigned tasks and activities, providing visibility on the status of implementation for both management and responsible individuals.

On the second day, the training session explored the management and implementation of the college's Learning Management System (LMS). This allowed the participants to fully utilize the functionality of the LMS, including passing students to the next level, sending trainees results to department heads and the Registrar, and facilitating job linkages - areas that had not been fully utilized since the initial rollout of the LMS.

Launching of Child Protection Information Management System (CPIMS+/Primero)

Selam Children's Village participated in the launch event for the new Child Protection Information Management System (CPIMS+/ Primero). The event, held at Skylight Hotel, was organized by UNICEF in partnership with the Ministry of Women and Social Affairs.

The system will provide social workers with tools to collect critical data, address child protection risks, and facilitate access to protection services for children.

The event was attended by various high-level government officials and NGO representatives, underscoring the importance of this new initiative to strengthen the country's child protection infrastructure.

Full Integration

On May 23, 2024, Selam Children's Village held a farewell event for three young adults who had successfully transitioned into independent adulthood after being cared for at the organization. The event was attended by Ato Solomon Chali, the Executive Director of Selam Children's Village, and Ato Nigussie Eshetie, CYC Director.

> "Selam is everything to me. I'm truly grateful for all that Selam has done, especially in helping me to know God as a loving Father, which has been an invaluable gift in my life. Though we've faced various challenges, I believe this is a shared experience for many young Ethiopians. The most important lessons we've learned are the value of perseverance and self-confidence"
>
> one of the fully integrated youth

One of the core objectives of Selam Children's Village is to provide children with the necessary support, education, and life skills training to facilitate their transition to independent living as adults. The youths reflected on their experiences and expressed gratitude for the care and guidance they received from the organization.

In his closing remarks, the Executive Director delivered a message of encouragement to the youth, assuring them that Selam Children's Village will always be their home and extending his blessings and good wishes for their future endeavors.

Yonas Talented boy Graduated from INSA Summer Camp

Yonas (age 17), a resident of the boys home at Village 2, has successfully completed his summer camp training for talented youth. This achievement comes after he passed the entrance examination for the prestigious Information Network Security Administration (INSA) during the summer of 2023.

Throughout the summer camp program, Yonas had the opportunity to engage himself in various fields, including Embedded Systems, Cyber Security, and Software Development. This experience provided him with invaluable knowledge and skills in these areas.

As part of his academic journey during the summer camp, Yonas undertook a graduation project focused on a Smart Plant Monitoring System. With confidence, he presented his project to his fellow classmates, showcasing his expertise and innovative thinking.

Yonas successfully graduated from the summer camp training in the presence of His Excellency Dr. Belete Molla, Minister of Innovation and Technology and other higher government officials.

Civil Servants from Switzerland

During the month of March 2024, Selam Children's Village had the pleasure of welcoming three Civil Servants from Switzerland. The Civil Servants, namely Jonas Hofer, Simon Giesch, and Xavier Reido, made significant contributions to various workshops of SCV. Their expertise proved invaluable in the following key areas:.

- Maintenance of compressors and various machines
- Maintenance and training sessions for woodworking equipment such as the wood planning machine and shaper machine
- Prepared comprehensive training materials for capacity-building sessions for our staff and the Ministry of Labor and Skill. These sessions covered Database Management, Python Programming, and Web Development
- Developed an e-learning platform tailored for Selam Children's Village.
- Provided support for the establishment and enhancement of an online performance evaluation system, focusing on database optimization
- Assisted in the development of an Online Assessment and Evaluation Database for Vocational Trainees
- Contributed to the development of an Online Documentation Management System
- Conducted training on data base management, python programming and web development

Certificate of Recognition for SCV/STVC

Selam Technical and Vocational College (STVC) participated in the Addis Ababa Hotel Association (AHA) General Assembly and Partners Meeting, which was attended by distinguished officials from the Ministry of Tourism. During this event, SCV/STVC was honored and presented with a certificate of recognition, recognizing the positive working relationship we have fostered with this esteemed organization in trasforming the Ethiopian tourism. The AHA is one of the associations which signed MoU with the college and facilitates employment opportunities for our Hotel Kitchen Operation and Hospitality graduates.
